PROFESSIONAL SUMMARY

Trainee Software Developer with hands-on experience in full-stack web development using React.js, Node.js, MySQL, MongoDB, and REST APIs. Experienced in building scalable web applications, integrating databases, and developing backend services. Currently working on modern web applications and trading platform solutions with a strong focus on performance, maintainability, and user experience. Passionate about solving real-world problems through technology and continuously expanding technical expertise.

TECHNICAL SKILL

Languages : JavaScript, Python, HTML5, CSS3

Frontend: React.js, Tailwind CSS, Bootstrap, NextJS

Backend: Node.js, Express.js, Django, Flask, FastAPI

Databases: MySQL, MongoDB

Development Tools: Git , VS Code , PyCharm , Github , Sublime Text, Postman

PROFESSIONAL EXPERIENCE

Softlabs Technologies and Development Pvt. Ltd. *Trainee Software Developer*

Sep 2024 - Present

- Developed and maintained **full-stack** web applications using **React.js**, **Node.js**, **Express.js**, and **MongoDB**.
- Designed and implemented **RESTful APIs** for seamless communication between frontend and backend systems.
- Built reusable **UI components** and optimized application workflows to improve performance and maintainability.
- Collaborated with team members on feature development, **debugging**, testing, and **deployment** activities.
- Contributed to trading platform modules including strategy management, **backtesting**, and **live trading** workflows.

Cravita Technologies India Pvt.Ltd *Jr. Software Developer (Intern)*

Nov 2023 - April 2024

- Developed backend services using Python, Django, and Flask frameworks.
- Assisted in designing and implementing **REST APIs** to support scalable web applications.
- Integrated **SQL** and **PostgreSQL** databases for dynamic data storage and retrieval.
- Participated in application **testing**, **debugging**, and performance optimization.
- Collaborated with senior developers to deliver secure and maintainable software solutions.

PROJECTS

Trading Bot | *React.js ,FastAPI , Redis ,MySQL, Docker*

Oct - Dec2024

- Developed modules for **Backtesting**, **Forward Testing**, and **Live Trading** systems.
- Built APIs for **strategy** configuration, **trade execution**, and real-time monitoring.
- Integrated **Redis** for caching and efficient data processing.
- Implemented **Docker**-based deployment and environment management.
- Developed user-friendly interfaces for **strategy management** and performance analysis.

Navtatva (E-Commerce Platform) | *Node js, Next js , MySQL*

March - April2024

- Developed a full-stack **e-commerce** application with authentication and **role-based** access.
- Implemented product management, **shopping cart**, **checkout**, and order processing workflows.
- Integrated **payment gateway** functionality and admin management features.
- Built responsive UI components to enhance user experience across devices.

HRMS | *Node js, Next js, MySQL*

Jan - Feb2024

- Developed a property and **tenant management** application for rental operations.
- Implemented lease **tracking**, **rent management**, maintenance requests, and tenant records.
- Designed secure database structures and **CRUD** functionalities.

EDUCATION

SRM College Kudal

BSc in Computer Science

CGPA 8.18/10

CERTIFICATIONS

- Edge - python full stack developments (training institute - fortune cloud technology)
- The complete javascript Course (Udemy)
